Troubleshooting HTML & CSS
Future trends for HTML and CSS
Good practices

ASSIGNMENT for Week 14:

Continue working on your site and revising previous projects for the final.

FINAL REVIEW

Prepare Your Files for Final Review

1. Fill out the Final Review Checklist and bring it to the FINAL.
2. Upload final versions of all projects to the web server

Upload to the Web to see your files online

upload a copy of your site with FETCH, Transmit or Cyberduck or copy to the server in the lab.

Upload HTML, jpg, gifs ONLY [no PSDs] Check links and check image sizes!

Upload to: IP: 134.74.235.12/~web1_sp11/yourfolder/index.html

user: web1_sp11

pw: web1

To view the url

http://edm.arts.ccny.cuny.edu/~web1_sp11/yourfolder/index.html

or

http://134.74.74.235.12/~web1_sp11/yourfolder/index.html

4. Clean up your folder on Lab Share [your labshare folder should include your psds of projects and wireframes/flowcharts in a separate folder] and put a copy of your project files in the FINAL folder.

39540 FINAL
EXAM:
Wednesday, May
25th 1pm-3:15 am

all work must be
on the server by
1:00 pm

Name: _____ FINAL GRADE: _____

HAND IN THIS SHEET ON WEEK 10

ATTENDANCE:

You have _____ absences _____ You were late _____ times
three latenesses = 1 absence.

FINAL PROJECT RATING

Project 1:

any updates to Stamp Layout?

Project 2: any updates to the Big Type Pages?

Project 3: updates to How-to pages?

Design a web site [minimum 4 pages] providing visual and text instructions on how to do something. It can be a recipe, travel directions, a crafts project or a dance routine, or a topic of your choice.

Project 4: Culture Site

Design an art site exploring an aspect of contemporary culture (3 page minimum).

- video and/or sound file embedded
- flowchart and wireframe
- minimum 3 pages
- use image replacement for replacing text in branding or other important content with images
- em and % measurement
- rollovers
- navigation menu[s] using lists

• DESIGNED COVER PAGE WITH LINKS

TO ALL PROJECTS

If you have additional versions, you can include them. Be sure to list them on your links page with an explanation.

GRADING

- visual design, 30%
- correct use of HTML, CSS, 30%
- completion of assignments 30%
- professionalism, 10%
- participation in class
- meeting deadlines
- attendance, being on time

Grading criteria includes ORIGINALITY, observation of COPYRIGHT rules, accurate interpretation of the project assignment.

**Design for the Web 1
Art 39540 3EF
SPRING 2011**

Tell me where these elements are:

• video/sound

• flowchart/wireframe

• image-replacement

• em measurement: type AND divs

• % measurement for divs

• navigation menu using a list/dropdown

• rollovers [text links and/or image]

• Check the file size of all images

• any special elements that you added on your own, such as JS, lightbox, @font-face, etc?

Did you:

clean up your CSS formatting
use external style sheets

• portfolio is on 'local' server

• portfolio is ONLINE

points OFF for DREAMWEAVER!

Any questions for me? [use back of this sheet?
