NEW Major Code
for BA students
in Electronic
Design &
Multimedia: 011**

ELECTRONIC DESIGN & MULTIMEDIA

Priority Registration for BFA

BFA students will have registration priority and will be allowed to register early.

How to Register Early

BFA students will be given an early registration date by email, BFA registration dates will be posted as well. Once the priority dates are announced, students can register by web or phone or in the Dean's office. You can IGNORE the date on your registration letter!

Major codes

All BFA students use the major code **EDM**.

BA students with a specialization in EDM or incoming students who are planning to apply for the BFA later will now use the BA EDM code **011**

Fill out your new major card ASAP

As of September, 2003

2.5 will be the minimum GPA for BOTH BA and BFA students

As of 9/1/03, any student with a GPA that is lower than 2.5 will be blocked from registering for EDM courses.

Blocks on registration can be removed ONLY after consulting with an EDM advisor. If this is your last semester, or if there is an extenuating circumstance, we can remove the block. Otherwise, you must bring up your GPA before continuing to take courses in EDM

Students applying for the BFA MUST complete their application BEFORE completing 85 credits.
